The way it was at the start.

On September 19, 1923 McMurry College opened its doors to 197 students, operating as a junior college until 1925 when it was accredited as a senior college under the leadership of founding president Dr. J. W. Hunt, who was born on a Kaw Reservation in Indian Territory. The Northwest Texas Conference named the college after Bishop William Fletcher McMurry. The building at left was the first facility constructed (Spring 1922) and is now known as Old Main.

Radford and the omnipotent impression it gives is a source of strength for the entire college.

The relatively new Jay-Rollins library is typical of the new style of architecture being used on campus.

The library offers countless opportunities and means for study.

IMPROVEMENTS ARE CAMPUS-WIDE

Certainly the campus-wide improvements have greatly changed the overall appearance of the campus complex. From the addition of the new science center to the laying of new floor tile in Old Main, it can easily be said that "things are happening".

The computerized systems, new this year, have certainly cut down on the time necessary for ever so many campus calculations.

We have tried to improve this past year; and so doing we can not help but improve the college in every facet of college development.

All things considered, we can still see room for improvement; but no one can say that nothing is being done, for McMurry College is striving to ready its campus complex for the students of the future.

The age of the computer is really here as shown by operator Bill Goosby.

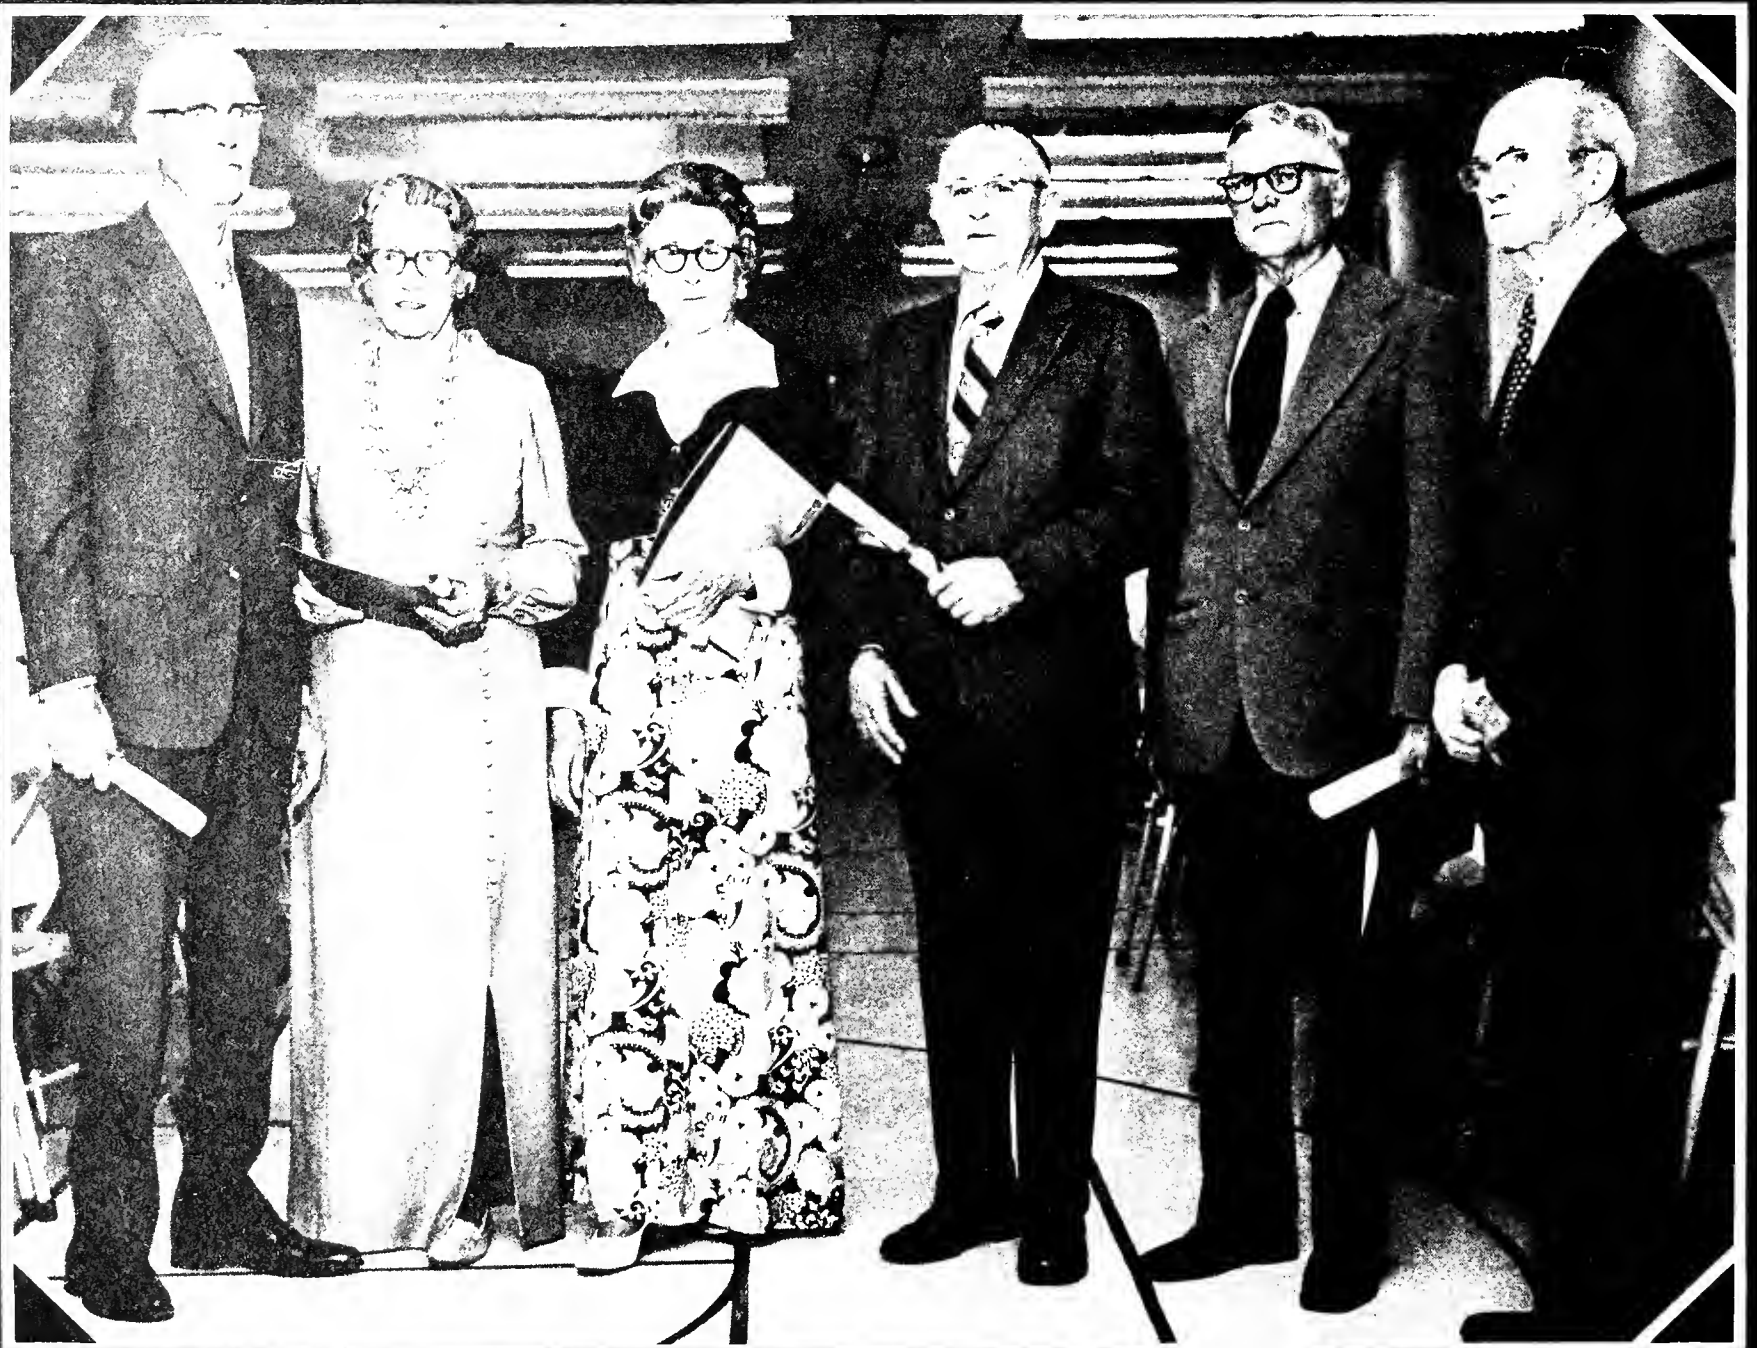

Dr. Bennett shows pleasure during the ceremony dedicating the Science Center.

The remodeling of Old Main did much to improve the overall appearance.

Founders' Day — April 4, 1974

Awards of Distinction were given to six persons who attended McMurry in 1923, the school's founding year, during Founders' Day activities. They are pictured BELOW: LEFT TO RIGHT—H. Leo Tucker, Mrs. Leo Tucker, Miss Jewell Posey, Dr. Anthony Hunt, Clark B. Meador and Wiley Caffey.

Mr. and Mrs. H. Leo Tucker are shown accepting their special Awards of Distinction from Dr. Thomas K. Kim at the Founders' Day Dinner. The Tuckers now live in Brownwood where he has served as a school teacher and architect for many years.

Miss Jewell Posey: ever a loyal indian

Miss Jewell Posey, a symbol of what McMurry is all about, receives her Award of Distinction from Dr. Kim. Miss Posey has served as registrar, public information officer and taught a variety of subjects. She helped gather information for Golden Anniversary publications.

Dr. Anthony Hunt, retired president of Howard College, also was given his Award of Distinction at the Founders' Day ceremonies in the J.W. Hunt Physical Education Center, named in honor of his father, the college's founding president. Dr. Hunt helped the college celebrate its Golden Anniversary by speaking at the All-Sports Banquet and other functions during the year. He played on the TIAA championship football team of 1927 which didn't allow a point all season.

Pictured at LEFT are Mr. and Mrs. Leo Tucker of Brownwood who returned for the Golden Anniversary Homecoming activities and were honored at a special Royalty show in Radfor Auditorium. They were the campus royalty of 1924. Both were elected Best All Around that year.

DEDICATION: DR. NORTON JONES

As McMurry College celebrated its Golden Anniversary during the 1973-74 academic year, the Totem staff took on the awesome task of selecting a dedicatee who exemplified the hard work and total dedication it has taken for this Methodist college to become one of the finest Christian liberal arts colleges in the nation today.

Dr. Norton Jones, a member of the faculty since 1948, is a classic example of the hard work and dedication. The 1974 Totem staff proudly dedicates the yearbook to Dr. Jones.

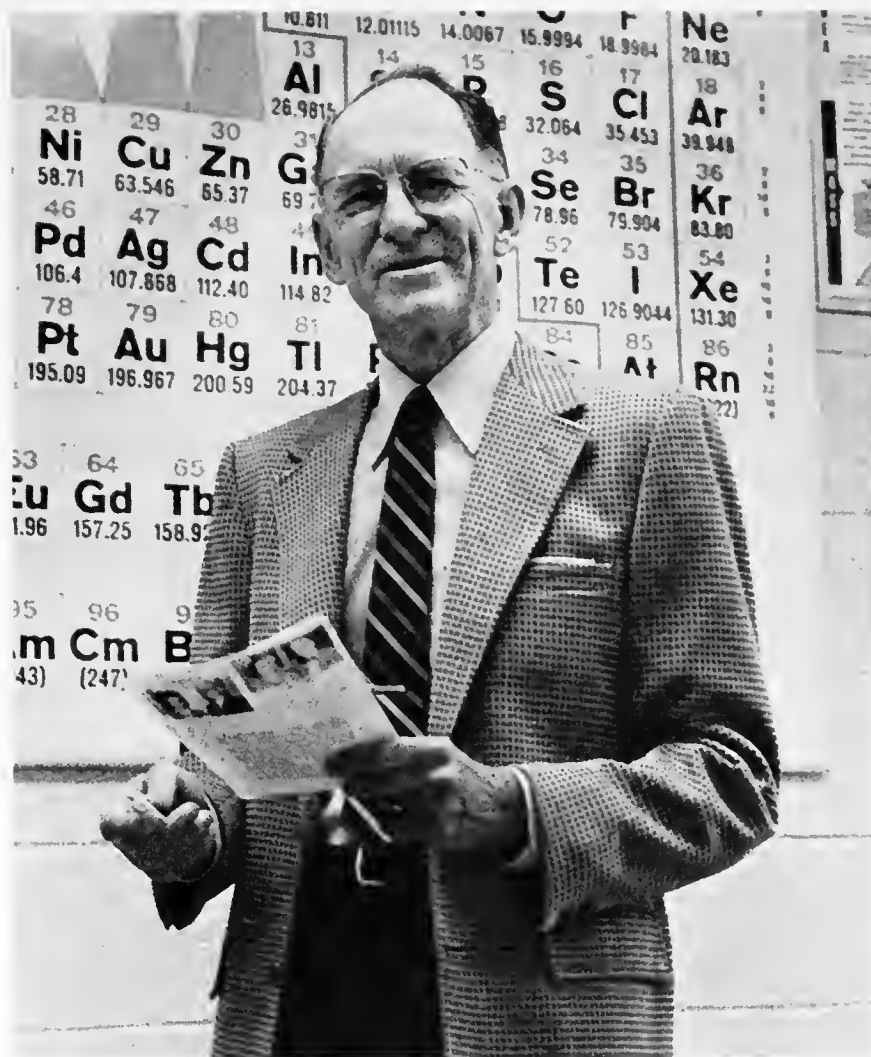

Born in Augusta, Arkansas on Nov. 16, 1908, Dr. Jones attended Little Rock High School. He graduated magna cum laude from Hendrix College in Conway, Ark., in 1928, then received his M.A. and Ph.D. from John Hopkins University in 1930 and 1932 respectively.

Dr. Jones served his Assistantship at Johns Hopkins, obtained the Ford Foundation Fellowship at the University of California and Stanford University. He was a member of Gamma Alpha, Alpha Chi and the Society of Sigma Xi.

Before coming to McMurry in 1948, Dr. Jones was professor and head of Chemistry Department at Ft. Lewis Branch of Colorado A&M College from 1933-48.

He has written several textbooks, including Inorganic Chemistry (1947) and General Chemistry (1954) and has published three lab manuals for freshman chemistry.

Under Dr. Jones' guidance, McMurry ranks among the top three science departments in the state.

“MANY FACES OF McMURRY”

A multi-media theatrical presentation depicting McMurry College during its first 50 years was an outstanding effort by members of the faculty and student body. The “Many Faces of McMurry” was staged twice, during the 1973 Northwest Texas Annual Conference and capping Founders’ Day in April of 1974. Muriel Burrell, of the speech department, and Miss Jewell Posey, retired faculty member, directed and wrote the script for the play.

It was one of several events to help McMurry celebrate its Golden Anniversary. Through use of color slide projectors and live drama on the stage of Radford Auditorium the first 50 years of McMurry were relived in living color.

welcome to j.w. hunt physical education center

Named in honor of McMurry's founding president, Dr. J.W. Hunt, the new \$1.3 Million complex opened its doors in the fall of 1973 as the college celebrated its Golden Anniversary. The P.E. center contains 57,000 square feet covering two floors. It will accommodate 1,500 full-time students, plus the college's faculty and staff. The Main Gymnasium (pictured above) features Sport-Tred flooring, has a master and two practice basketball courts, eight courts for badminton and paddle tennis, and three official volleyball courts. For intercollegiate basketball, the seating will accommodate over 2,100 with some 500 additionally for other large assemblies groups such as commencement.

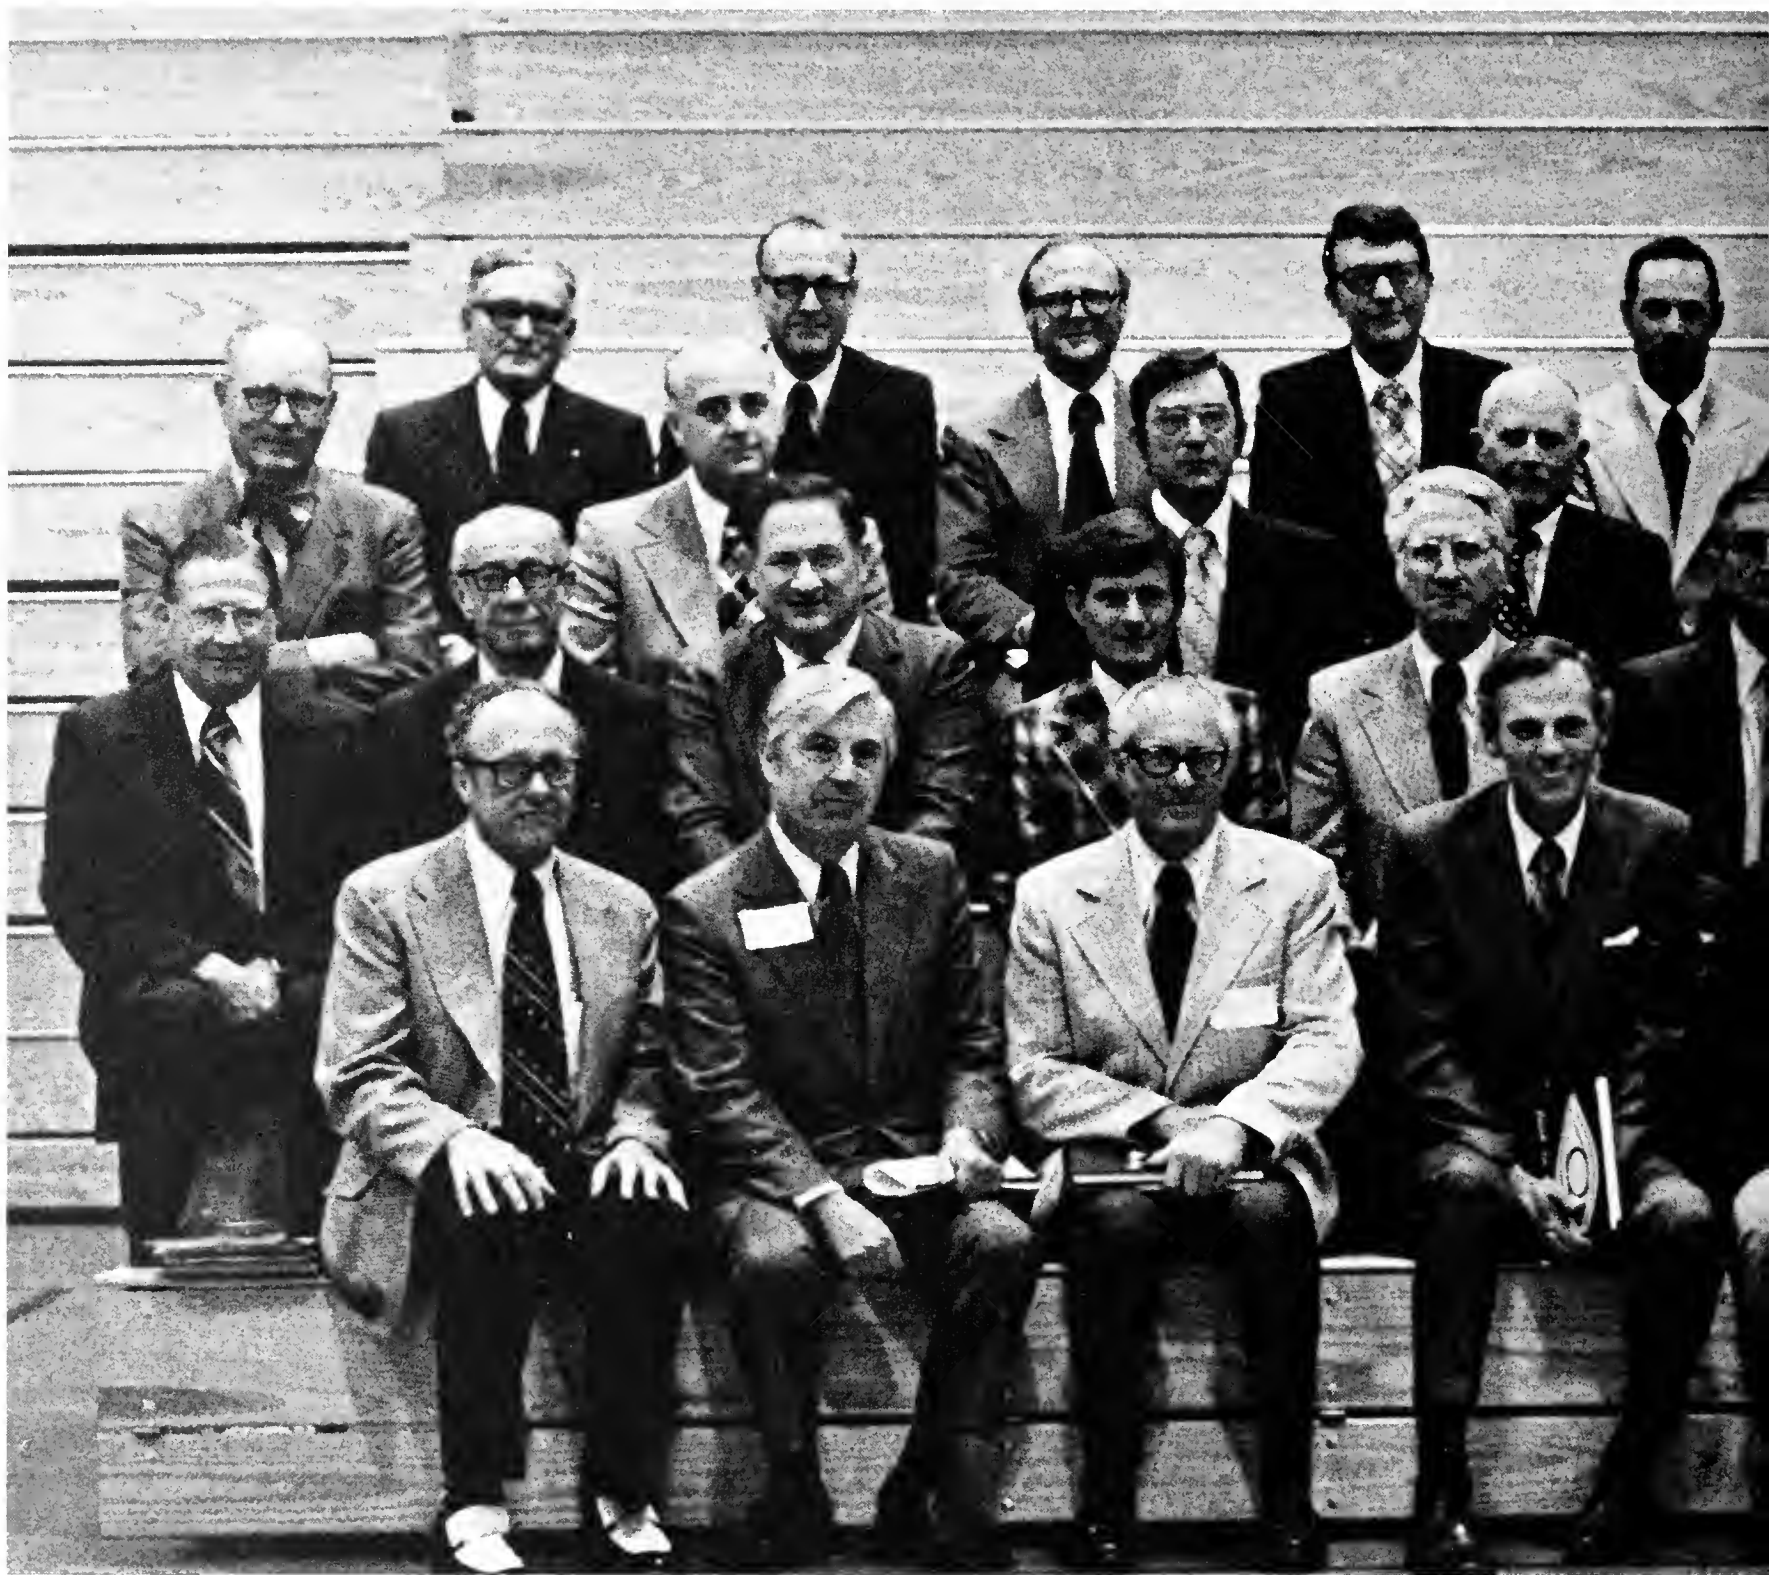

There are other instructional and recreational areas including two large classrooms, multi-use and gymnastics practice area, posture and figure control rooms, weight conditioning and training apparatus room, and a department seminar-library room, staff and student service areas, eight staff offices, men' and women's dressing-locker rooms.

a happy meeting

Quarterback Lonnie Hobbs and head coach Don Newsom agreed on one thing in the happy scene above. That is, one more play, baby, and keep it on the ground. The date was Sept. 15, 1973, and the score was McMurry 10, Panhandle State 6, with just 0:17 left on the clock at Shotwell Stadium. The Indians scored late in the game on a 16-yard pass play from Hobbs to wingback James Page.

Aggressive defense in the form of gang tackling paved the way to a hard-fought 16-13 victory over Western New Mexico in a much-publicized game as Don Newsom and his brother, Ron, squared off against each other as opposing coaches. In the picture above Gary Rayburn (44) wraps up a Mustang quarterback while Jerry Arnold (83), Gaylon Doan (78) and Mike Simpson (79) close in to make the kill. The victory improved the season record to 2-and-1. Again, the clinching score came on a Lonnie Hobbs-to-James Page pass.

SAL ANDRADE ON THE LOOSE

Jerry Arnold (83) is shown returning a pass interception against Panhandle State in a 10-6 victory. The Seymour senior led the Indians in punt returns with 10 for 71 yards and was second in kickoff returns with an average of 19.4 yards per return. Arnold played the rover on defense and was credited with 58 tackles in nine games.

Richard Smajstrla (82) hauls in 12-yard pass from Lonnie Hobbs in Panhandle State game. Smajstrla caught six passes for a 16.3 yard game average.

McMurry College football has always been noted for its aggressive defense, which has won national recognition over the years. The action above is an example.

Rick Penny, already acclaimed the greatest shooter in McMurry College basketball history, had a fantastic junior year. The 6-3 Richardson product was the first Indian to score more than 600 points in one season and smashed five school records. Penny, shown scoring against Hardin-Simmons at left, was on the Texoma Athletic Conference All-Star Team and made honorable mention NAIA All-American for the second straight year.

Keith Whitaker (right hooking) came to McMurry from Cisco JuCo, and was a vital cog in the Indian attack with his post play. He led the Indians in rebounds and finished third in scoring. He still owns the school record of 25 rebounds in a single game.

The Indians whipped crosstown rival Abilene Christian College twice during the 1973-74 season by scores of 98-92 and 98-85. In the picture below Indian guard Jerry Don Wilcox drops in a long fielder late in the game at Hunt P.E. Center.

The Concert Band is one of five major musical ensembles at McMurry College. Organized to support musical needs and stimulate musical growth among the college students, the band provides expert training and preparation for aspiring music teachers and performers, while also providing a channel to the non-music student who enjoys the art as an avocation. The band performs several campus concerts during the year, plus a major tour and several minor tours involving concerts and church services. Roger Rush is band director, completing his second year on the Reservation.

The marching band is shown below performing at half-time during the football season at P.E. Shotwell Stadium. Band Director Roger Rush has his group form the "M" for McMurry College.

DR. THOMAS K. KIM

PRESIDENT (1970-

He has a way with people, with words and with getting things accomplished which need to be accomplished. Dr. Thomas K. Kim is serving as McMurry College's eighth president during the school's Golden Anniversary. He has worked day and night, with the assistance of a capable development office, to balance a budget which has run in the red as have most small private institutions. His education reads a B.A. in Economics, M.B.A in General Business and Ph.D. in Economics. When he accepted the presidency on June 1, 1970, Dr. Kim said: "I believe that the very fundamental reason for the existence of McMurry College as a church-related institution is to serve not only the intellectual, physical, cultural, and vocational needs of the student body but also—very vitally—the spiritual development.

Four years later, he firmly reiterates this belief.
